- Rapid claim settlement via our partner Broadspire.
- Continuity through central hosting via Globalswitch.
- Always the same contact person.
- Transfer of existing portfolios in collaboration with Grijpma AsG B.V.
- Full access to our Extranet with the option to view policies issued to your business contacts, enter updates, notify claims, enquire on quotations and the ability to issue an insurance policy immediately.
- Multi-currency option for pan-European programmes.

Provincial transactions

Provincial products can also be handled by one of the thirty or more direct agencies we manage. This enables Den Hartigh Serviceproviding to offer you all types of service so your recommendations to your clients seamlessly meet their personal needs.

Financial administration

Naturally Den Hartigh Serviceproviding has its own Financial Administration department. This department takes care of premium collection and the associated credit control as well as paying compensation for claims. All this administration is carried out efficiently. In addition, if you should wish, we can take care of your entire financial administration using our fully interfaced administration system 'Multivers Extended'. Furthermore you will receive a single overview of your current account.

Affiliated offices

Various offices are affiliated to us and more offices means more clients. By taking advantage of our economies of scale you can also benefit from attractive premiums and conditions. It goes without saying that this only increases the advantages for you and your clients.
